Hi Everyone,

Here is my latest and final draft of the survey report. It is by no means finished, but it is as far as I could get. When released, I suggest posting it online and linking to the Appendices as separate online documents (also attached).

I don't feel great about the state that I am leaving it in ( I have not read it over), but I will certainly be around to answer questions.

All of the data is on the hard drive, and the Qualtrics Server.

Thanks and best of luck!  
Lorna
